

Business Rules

- 1) Users (Subscribers) are Owners of their Event and conduct Project Management functions with CRUD privileges. They are identified by their Role type as Organizers, Event Planners, Venue Owners, Hospitality Providers and Event Managers who use Project Management workflow and have permission level Admin; Host who use the Manage Event workflow and have permission level Admin, Partners and Sponsors are subtypes in this group. An User can also use the software for a one time event. Usually as a Host.
- 2) Project Management activities include: Create Task Assignments, Assign the collaborators who Complete checklists, Set Permission Levels, Manage Budget Items, Approve Change Management requests, Schedule (timelines) for tasks, Track event progression and Update Analytics
- 3) User Permission Groups: This group consist of: Organizers - have permission to (Create, Read, Update) data/files; Administrators - have permission to (Create, Read, Update and Delete) data/files; Partner - have permission to (Create, Read and Update) data/files; Collaborator - have permission to (Read and Update) data/files; and Viewer - have permission to Read data/file only.
- 4) Collaborator Group: This group is designated by the Event Owner in PM to complete a checklist based on Task assignment. They maintain task progression, create Change Requests, send notifications and closeout events
- 5) Manage Event details (CM): Fields can be changed: Ex -Number of people who will attend an event; event/details + Manual add; Task assignments/details + Manual add; Budget items + add (increase and decrease amount); Resource Profiles + add task (Venues,etc); Directories + add; others to be identified as App evolves.
- 6) Event starting and ending times are locked in if the Venue booking transaction has been completed and can not be changed using the CM Module . The event has to be deleted and created as a new event.
- 7) Task assignment can be for Booking, Venue, Hospitality providers, Service Vendor (Security, Volunteers etc), Service Rental (tables, chairs etc.) Vendors (food trucks etc), Transportation, Entertainment, External Vendors (Coaches, Speakers, Wholesalers etc) and Marketing
- 8) Create Event/Basic/Detail specifics should autofill related fields in the SaaS MVP processes. When a CM request is approved to change one of these fields it should trigger an update in all other related fields and recalculate downstream processes.
- 9) Task Dependencies Rules

- Booking
Event scope finalized
Budget approval
- Venue
Booking confirmed
Plan and budget approved
Contract signed/Deposit made

10) Event Behavior Rules.

- Checklist Lifecycle

- a. Checklist is template based
- b. Is triggered when task status = In progress
- c. Event Owner (Role) owns the Event
- d. Completion triggers state changes gating (reusable)

11) Change Management core processes are: ChangeRequest (handles requests and tags); TaskManagement (handles dependencies + resync); TimelineAlignment (handles constraints + conflict detection) and ResourceOptimization (handles resource allocation)

12) Collaborators Check List Completion

1. Booking Collaborator Checklist

Role: Manages schedules, confirmations, contracts, and deposits

Pre-Booking

- ☐ Confirm event date(s), time window, and timezone
- ☐ Verify event scope (attendees, format, locations)
- ☐ Identify booking dependencies (venue, vendors, permits)
- ☐ Request availability from all required parties

Booking Execution

- ☐ Secure written confirmation (email / platform / contract)
- ☐ Confirm cancellation and change policies
- ☐ Collect and log deposits
- ☐ Upload contracts to event record
- ☐ Record confirmation numbers / references

Post-Booking

- ☐ Send confirmation summary to event lead
- ☐ Add key dates to timeline (cutoff, final count, load-in)
- ☐ Schedule reminder checkpoints
- ☐ Flag booking risks or conflicts

2. Venue Collaborator Checklist

Role: Manages physical location, access, and compliance

Venue Evaluation

- ☐ Confirm capacity vs. attendance
- ☐ Verify layout options (seating, staging, breakout areas)

- ☐ Review accessibility requirements (ADA, elevators, restrooms)
- ☐ Confirm parking / transport access

Contract & Compliance

- ☐ Review venue contract terms
- ☐ Confirm insurance requirements
- ☐ Verify permits, licenses, and noise restrictions
- ☐ Confirm load-in / load-out rules

Operational Readiness

- ☐ Confirm power, Wi-Fi, HVAC availability
- ☐ Validate setup / teardown schedule
- ☐ Coordinate with vendors on access times
- ☐ Conduct pre-event walk-through

Day-Of

- ☐ Confirm venue open on schedule
 - ☐ Monitor compliance with venue rules
 - ☐ Serve as venue point-of-contact
-

•

3. Hospitality Provider Checklist

Role: Food, beverage, guest experience services

Planning

- ☐ Confirm guest count and dietary requirements
- ☐ Finalize menu selections
- ☐ Confirm service style (buffet, plated, stations)
- ☐ Align service timing with event agenda

Compliance & Logistics

- ☐ Verify food safety certifications
- ☐ Confirm alcohol permits (if applicable)
- ☐ Confirm kitchen access and prep space

- ☐ Finalize staffing plan

Execution

- ☐ Deliver food and beverages on schedule
- ☐ Confirm presentation standards
- ☐ Monitor service levels during event
- ☐ Manage waste and cleanup

Post-Event

- ☐ Confirm final guest count billing
- ☐ Resolve shortages or overages
- ☐ Collect feedback

4. Service Vendor Checklist

Role: security, cleaning, volunteers, tech, etc.

Pre-Engagement

- ☐ Confirm scope of services
- ☐ Review technical requirements
- ☐ Validate compatibility with venue
- ☐ Confirm staffing and equipment needs

Contract & Setup

- ☐ Finalize service agreement
- ☐ Confirm setup and teardown windows
- ☐ Verify power, access, storage needs
- ☐ Coordinate with venue + other vendors

Event Execution

- ☐ Arrive on time
- ☐ Test equipment/services
- ☐ Remain on standby per SLA
- ☐ Log issues or adjustments

Wrap-Up

- ☐ Tear down per schedule

- ☐ Confirm equipment return
- ☐ Submit final invoice

5. Service Rental Checklist

Role: Controls procurement decisions and cost optimization

Assessment

- ☐ Identify item purpose and frequency of use
- ☐ Compare rental vs. purchase cost
- ☐ Evaluate storage, transport, and maintenance
- ☐ Assess resale or reuse value

Decision & Approval

- ☐ Confirm budget availability
- ☐ Obtain approval from event lead
- ☐ Document decision rationale

Procurement

- ☐ Place rental order or purchase
- ☐ Confirm delivery and pickup dates
- ☐ Inspect items upon receipt
- ☐ Log asset or rental ID

Post-Event

- ☐ Return rentals on time
 - ☐ Inspect for damages
 - ☐ Store or dispose of purchased items
 - ☐ Update asset inventory
-

6. Vendors Checklist

Role: Provides physical goods, consumables, or materials (non-service)

Planning & Requirements

- ☐ Confirm item specifications and quantities

- ☐ Validate lead times and minimum order requirements
- ☐ Confirm branding, labeling, or customization needs
- ☐ Identify storage and handling requirements

Procurement

- ☐ Finalize supplier selection
- ☐ Confirm pricing and payment terms
- ☐ Place purchase order
- ☐ Upload invoices and receipts

Delivery & Quality Control

- ☐ Confirm delivery date and location
- ☐ Inspect items upon arrival
- ☐ Log shortages, damages, or defects
- ☐ Coordinate replacements if needed

Post-Event

- ☐ Manage returns (if applicable)
- ☐ Track consumable usage
- ☐ Archive supplier performance notes

7. 🎤👥 Entertainment Collaborator Checklist

Role: Manages performers, talent, speakers, or live entertainment

Planning & Selection

- ☐ Confirm entertainment type and format (band, DJ, speaker, performer, MC)
- ☐ Validate availability for event date and time window
- ☐ Confirm performance duration and set structure
- ☐ Review technical, staging, and space requirements
- ☐ Confirm audience interaction or content constraints

Contract & Compliance

- ☐ Finalize performance agreement or contract
- ☐ Confirm payment terms, deposits, and payout schedule
- ☐ Verify insurance, riders, or liability requirements
- ☐ Confirm content guidelines and conduct expectations

Coordination

- ☐ Align performance timing with event agenda
- ☐ Confirm load-in, rehearsal, and soundcheck windows
- ☐ Coordinate AV, lighting, and backstage needs
- ☐ Share day-of contact and escalation path

Event-Day Execution

- ☐ Confirm talent arrival and check-in
- ☐ Complete soundcheck / technical rehearsal
- ☐ Execute performance as scheduled
- ☐ Resolve on-site issues or timing adjustments

Post-Event

- ☐ Process final payment
- ☐ Collect performance feedback
- ☐ Archive contracts, riders, and notes

8. 🚗 Transportation Provider Checklist

Role: Manages movement of people, equipment, or materials

Pre-Planning

- ☐ Confirm transport scope (guests, staff, equipment)
- ☐ Validate pickup and drop-off locations
- ☐ Confirm schedules and buffer times
- ☐ Identify accessibility needs

Coordination

- ☐ Confirm vehicle types and capacities
- ☐ Verify licenses, insurance, and compliance
- ☐ Share routes and contingency plans
- ☐ Coordinate with venue access rules

Event-Day Execution

- ☐ Vehicles arrive on time
- ☐ Drivers briefed on schedule and contacts
- ☐ Monitor real-time delays or reroutes
- ☐ Communicate updates to event team

Post-Event

- ☐ Confirm return routes completed
 - ☐ Validate final billing
 - ☐ Log performance issues or delays
-

9. 🚀 Marketing Collaborator Checklist

Role: Drives awareness, attendance, and engagement

Strategy & Planning

- ☐ Define target audience
- ☐ Confirm key messages and branding
- ☐ Align marketing timeline with event milestones
- ☐ Set success metrics (registrations, reach, CTR)

Content Creation

- ☐ Design promotional assets (graphics, copy, video)
- ☐ Prepare email campaigns
- ☐ Draft social media posts
- ☐ Coordinate approvals

Distribution & Promotion

- ☐ Schedule email sends
- ☐ Publish social posts
- ☐ Launch paid ads (if applicable)
- ☐ Coordinate with partners or sponsors

Monitoring & Optimization

- ☐ Track registrations and engagement
- ☐ Adjust campaigns as needed
- ☐ Respond to inquiries or comments

Post-Event

- ☐ Publish recap content
- ☐ Share thank-you messages
- ☐ Report performance metrics

- ☐ Archive assets for reuse

10. 🧩 External Vendor Checklist

Role: Third-party providers not covered by core service categories
(e.g., *photographers, florists, signage, merch, specialty services*)

Engagement

- ☐ Define scope of work and deliverables
- ☐ Confirm availability and service window
- ☐ Validate compatibility with venue rules and layout

Contract & Preparation

- ☐ Finalize agreement or service terms
- ☐ Confirm setup and teardown timing
- ☐ Verify access credentials and load-in requirements
- ☐ Coordinate with venue and lead vendors

Event Execution

- ☐ Deliver services or products per scope
- ☐ Coordinate with event lead as needed
- ☐ Log deviations, delays, or issues

Close-Out

- ☐ Confirm all deliverables received
- ☐ Process final payment
- ☐ Archive vendor evaluation and performance notes
