# Business Guidelines

1) Users are Owners of the Event Plan and conduct Project Management functions with CRUD privileges. They are identified as Organizers, Event Planners, Host, Venue Owners, Hospitality Providers and Event Managers in the User/Profiles.
Partners and Sponsors are subgroups in this group

2) Project Management activities include: Create Task Assignments, Assign collaborators that Complete checklists, Set Permission Levels, Manage Budget Items, Approve Change Management requests, Schedule (timelines) for tasks, Track event progression and Update Analytics

3) Clarification for User Permission Groups - this group consist of: Organizers - have permission to (Create, Read, Update and Delete) data/files; Administrators - have permission to (Create, Read and Update) data/files; Partner - have permission to (Create, Read and Update) data/files; Collaborator - have permission to (Read and Update) data/files; and Viewer - have permission to Read data/file only.

4) Clarification for User Roles - this group owns and manages the Event. They consist of Event Organizers, Planners, Venue Owners, Hospitality Providers, Host and Biz Manager and Partners.

5) Manage Event (CM): Fields can be changed: Number of people who will attend an event; event/details + add; Task assignments/details + add; Budget items + add; Resource Profiles + add (Venues,etc); Directories + add; others to be identified as App evolves.

6) Event starting and ending times are locked in if the Venue booking transaction has been completed and can not be changed using the CM Module . The event has to be deleted and created as a new event.

7) Task assignment can be for Booking, Venue, Hospitality providers, Vendor Service (External), Service Rental (tables, chairs etc.) Vendors (food trucks etc), Transportation, Entertainment, Suppliers and Marketing

8) Create Event/Basic/Detail specifics should autofill related fields in the SaaS MVP processes. When a CM request is approved to change one of these fields it should trigger an update in all other related fields and recalculate downstream processes.

9) Task Dependencies Rules

- Booking
  Event scope finalized
  Budget approval

- Venue
  Booking confirmed
  Vendor requirements known

- Hospitality Provider
  Amenities confirmed
  Final agenda approved

- Rent Service Vendor
  Budget approval
  Rental availability

- External Vendor (Procurement)
  Procurement decision
  Availability confirmed

- Vendors
  Venue Confirmed
  Vendor Decision

- Transportation Provider
  Venue access rules
  Final schedule

- Entertainment
  Booking confirmed
  Entertainment requirements known

- Marketing
  Event details finalized
  Registration system live

10) Event Behavior Rules are identified in Workflow

11) Change Management core processes are: ChangeRequest (handles requests and tags); TaskManagement (handles dependencies + resync); TimelineAlignment (handles constraints + conflict detection) and ResourceOptimization (handles resource allocation

12) Collaborators Check List Completion

**1. 📅 Booking Collaborator Checklist**

**Role:** Manages schedules, confirmations, contracts, and deposits

**Pre-Booking**

- ☐ Confirm event date(s), time window, and timezone
- ☐ Verify event scope (attendees, format, locations)
- ☐ Identify booking dependencies (venue, vendors, permits)
- ☐ Request availability from all required parties

**Booking Execution**

- ☐ Secure written confirmation (email / platform / contract)
- ☐ Confirm cancellation and change policies
- ☐ Collect and log deposits
- ☐ Upload contracts to event record
- ☐ Record confirmation numbers / references

**Post-Booking**

- ☐ Send confirmation summary to event lead
- ☐ Add key dates to timeline (cutoff, final count, load-in)
- ☐ Schedule reminder checkpoints
- ☐ Flag booking risks or conflicts

**2. 🏛️ Venue Collaborator Checklist**

**Role:** Manages physical location, access, and compliance

**Venue Evaluation**

- ☐ Confirm capacity vs. attendance
- ☐ Verify layout options (seating, staging, breakout areas)
- ☐ Review accessibility requirements (ADA, elevators, restrooms)
- ☐ Confirm parking / transport access

**Contract & Compliance**

- ☐ Review venue contract terms
- ☐ Confirm insurance requirements
- ☐ Verify permits, licenses, and noise restrictions
- ☐ Confirm load-in / load-out rules

**Operational Readiness**

- ☐ Confirm power, Wi-Fi, HVAC availability
- ☐ Validate setup / teardown schedule
- ☐ Coordinate with vendors on access times

- ☐ Conduct pre-event walk-through

**Day-Of**

- ☐ Confirm venue open on schedule
- ☐ Monitor compliance with venue rules
- ☐ Serve as venue point-of-contact

---

- 

**3. 🍽️ Hospitality Provider Checklist**

**Role:** Food, beverage, guest experience services

**Planning**

- ☐ Confirm guest count and dietary requirements
- ☐ Finalize menu selections
- ☐ Confirm service style (buffet, plated, stations)
- ☐ Align service timing with event agenda

**Compliance & Logistics**

- ☐ Verify food safety certifications
- ☐ Confirm alcohol permits (if applicable)
- ☐ Confirm kitchen access and prep space
- ☐ Finalize staffing plan

**Execution**

- ☐ Deliver food and beverages on schedule
- ☐ Confirm presentation standards
- ☐ Monitor service levels during event
- ☐ Manage waste and cleanup

**Post-Event**

- ☐ Confirm final guest count billing
- ☐ Resolve shortages or overages
- ☐ Collect feedback

### 4. 🔧 Service Vendor Checklist

**Role:** AV, décor, security, cleaning, transport, tech, etc.

**Pre-Engagement**

- ☐ Confirm scope of services
- ☐ Review technical requirements
- ☐ Validate compatibility with venue
- ☐ Confirm staffing and equipment needs

**Contract & Setup**

- ☐ Finalize service agreement
- ☐ Confirm setup and teardown windows
- ☐ Verify power, access, storage needs
- ☐ Coordinate with venue + other vendors

**Event Execution**

- ☐ Arrive on time
- ☐ Test equipment/services
- ☐ Remain on standby per SLA
- ☐ Log issues or adjustments

**Wrap-Up**

- ☐ Tear down per schedule
- ☐ Confirm equipment return
- ☐ Submit final invoice

### 5. 🛒 Rent or Buy Decision Checklist

**Role:** Controls procurement decisions and cost optimization

**Assessment**

- ☐ Identify item purpose and frequency of use
- ☐ Compare rental vs. purchase cost
- ☐ Evaluate storage, transport, and maintenance

- ☐ Assess resale or reuse value

**Decision & Approval**

- ☐ Confirm budget availability
- ☐ Obtain approval from event lead
- ☐ Document decision rationale

**Procurement**

- ☐ Place rental order or purchase
- ☐ Confirm delivery and pickup dates
- ☐ Inspect items upon receipt
- ☐ Log asset or rental ID

**Post-Event**

- ☐ Return rentals on time
- ☐ Inspect for damages
- ☐ Store or dispose of purchased items
- ☐ Update asset inventory

---

### 6. 📦 Supplier Checklist

**Role:** Provides physical goods, consumables, or materials (non-service)

**Planning & Requirements**

- ☐ Confirm item specifications and quantities
- ☐ Validate lead times and minimum order requirements
- ☐ Confirm branding, labeling, or customization needs
- ☐ Identify storage and handling requirements

**Procurement**

- ☐ Finalize supplier selection
- ☐ Confirm pricing and payment terms
- ☐ Place purchase order
- ☐ Upload invoices and receipts

**Delivery & Quality Control**

- ☐ Confirm delivery date and location
- ☐ Inspect items upon arrival

- ☐ Log shortages, damages, or defects
- ☐ Coordinate replacements if needed

**Post-Event**

- ☐ Manage returns (if applicable)
- ☐ Track consumable usage
- ☐ Archive supplier performance notes

### 7. 🎭 Entertainment Collaborator Checklist

**Role:** Manages performers, talent, speakers, or live entertainment

**Planning & Selection**

☐ Confirm entertainment type and format (band, DJ, speaker, performer, MC)
☐ Validate availability for event date and time window
☐ Confirm performance duration and set structure
☐ Review technical, staging, and space requirements
☐ Confirm audience interaction or content constraints

**Contract & Compliance**

☐ Finalize performance agreement or contract
☐ Confirm payment terms, deposits, and payout schedule
☐ Verify insurance, riders, or liability requirements
☐ Confirm content guidelines and conduct expectations

**Coordination**

☐ Align performance timing with event agenda
☐ Confirm load-in, rehearsal, and soundcheck windows
☐ Coordinate AV, lighting, and backstage needs
☐ Share day-of contact and escalation path

**Event-Day Execution**

☐ Confirm talent arrival and check-in
☐ Complete soundcheck / technical rehearsal
☐ Execute performance as scheduled
☐ Resolve on-site issues or timing adjustments

**Post-Event**

☐ Process final payment
☐ Collect performance feedback
☐ Archive contracts, riders, and notes

### 8. 🚐 Transportation Provider Checklist

**Role:** Manages movement of people, equipment, or materials

**Pre-Planning**

- ☐ Confirm transport scope (guests, staff, equipment)
- ☐ Validate pickup and drop-off locations
- ☐ Confirm schedules and buffer times
- ☐ Identify accessibility needs

**Coordination**

- ☐ Confirm vehicle types and capacities
- ☐ Verify licenses, insurance, and compliance
- ☐ Share routes and contingency plans
- ☐ Coordinate with venue access rules

**Event-Day Execution**

- ☐ Vehicles arrive on time
- ☐ Drivers briefed on schedule and contacts
- ☐ Monitor real-time delays or reroutes
- ☐ Communicate updates to event team

**Post-Event**

- ☐ Confirm return routes completed
- ☐ Validate final billing
- ☐ Log performance issues or delays

---

### 9. 📣 Marketing Collaborator Checklist

**Role:** Drives awareness, attendance, and engagement

**Strategy & Planning**

- ☐ Define target audience
- ☐ Confirm key messages and branding
- ☐ Align marketing timeline with event milestones
- ☐ Set success metrics (registrations, reach, CTR)

**Content Creation**

- ☐ Design promotional assets (graphics, copy, video)
- ☐ Prepare email campaigns
- ☐ Draft social media posts
- ☐ Coordinate approvals

**Distribution & Promotion**

- ☐ Schedule email sends
- ☐ Publish social posts
- ☐ Launch paid ads (if applicable)
- ☐ Coordinate with partners or sponsors

**Monitoring & Optimization**

- ☐ Track registrations and engagement
- ☐ Adjust campaigns as needed
- ☐ Respond to inquiries or comments

**Post-Event**

- ☐ Publish recap content
- ☐ Share thank-you messages
- ☐ Report performance metrics
- ☐ Archive assets for reuse

### 10. 🧩 External Vendor Checklist

**Role:** Third-party providers not covered by core service categories
*(e.g., photographers, florists, signage, merch, specialty services)*

**Engagement**

☐ Define scope of work and deliverables
☐ Confirm availability and service window
☐ Validate compatibility with venue rules and layout

**Contract & Preparation**

☐ Finalize agreement or service terms
☐ Confirm setup and teardown timing
☐ Verify access credentials and load-in requirements
☐ Coordinate with venue and lead vendors

**Event Execution**

☐ Deliver services or products per scope
☐ Coordinate with event lead as needed
☐ Log deviations, delays, or issues

**Close-Out**

☐ Confirm all deliverables received
☐ Process final payment
☐ Archive vendor evaluation and performance notes
